

# 8 Questions FQHCs Should Ask Before Starting an RPM Program

**1.**

Is the program customizable for FQHCs?

**2.**

What does the RPM program include?

**3.**

How does monitoring work?

**4.**

How does patient onboarding work?

**5.**

Is the program designed with patient engagement and adherence in mind?

**6.**

How easy will using the software be for staff?

**7.**

How does the RPM solution support coding and billing?

**8.**

What other services are available beyond the software?
